AND PILES CURED BY

**AYER'S SARSAPARILLA.**

Mr. W. JENNINGS, Adelaide, S. A., formerly of Hawthorn, near Melbourne, Vic., writes:

"For the past 3 or 4 years, I have been a great sufferer from rheumatism and piles. I tried all sorts of medicines, but derived no good from them. I chanced to read one of your books and thought I would give your Sarsaparilla a trial. I did so, and after taking one bottle I felt better, and after taking 4 bottles I was a new man. I was sorry I never took it before, for it would have saved me very much pain."

## THE LEGISLATURE.

AN EFFORT TO BE MADE TO ADJOURN TOMORROW.

The Land Bill Ready For the President--Kerosene Oil Bill to be Killed--Military Bill.

Forty-Third Day, August 5th.

### THE SENATE.

The Senate came to order at the usual hour this morning and proceedings incident to opening had.

A communication was read from the House stating that that body had passed the Senate bill concerning cables and had adopted the report of the Joint Committee on the Land Bill.

A communication was received from the Board of Fire Underwriters concerning the use of low grade Kerosene Oil. Laid on table to be considered with the bill.

Senator Schmidt from the Committee on Accounts reported that bills had been audited and allowed to the amount of \$560.90, as follows: Hawaiian Gazette Co., printing \$1.50; Pacific Hardware Co., sundries \$4.10; Hawaiian Star, printing \$80.75; Isaac Sherwood, engrossing \$4; A. J. Smithies, proof reading, \$27.50; W. L. Wilcox, translating, \$28.00; rack hire, \$2; washing towels \$1.50; Press Publishing Co., \$183.34 printing Joint Rules; Frank Godfrey, translating and proof reading on the same \$189.

Senator Baldwin from the committee on Commerce reported in favor of laying over to the next session the communication of the California Viticultural Society in relation to the consumption of sake, both on account of its importance to the public and the lateness of the session. Report adopted.

The report of the Committee of Conference on the Land Bill was read. The amendments agreed on make the Minister of the Interior one of the Land Commissioners and divide the Island of Hawaii into more convenient districts, requiring the surrender of the whole lease if required by the Land Commissioners upon applications for 100 acre patents; concerning five-years residence on lease-hold lands and freehold titles and reducing the residence to three years upon improving 25 per cent of the land; the amount of improvements necessary on Olaa leases was reduced to \$200 and the width of the reserved strip cut down to 150 feet.

The report was adopted unanimously and the bill now goes to the president.

The consideration of the alcohol bill was deferred till afternoon.

Recess to 1:30 p. m.

### THE REPRESENTATIVES.

House met at 10 a.m.

Rep. Winston, from committee on commerce, recommended indefinite postponement of kerosene bill. Report tabled for consideration with the bill.

Rep. Haia promised a resolution relative to adjournment. Some members were going away tomorrow whether the business was completed or not.

The Military bill came up for second reading.

Mr. Hatch moved that the second section, relating to the Sharpshooters, pass as in the

Senate bill. This would leave the matter of uniform to the discretion of the Commander-in-Chief, so that in case of active service the Sharpshooters might have some distinguishing dress. The corps would still be a separate organization from the military.

The amendment carried and the section passed as amended.

Minister Hatch opposed changes that he did not deem were of substance, as they would unnecessarily delay the passage of the bill.

Rep. McBryde, on one of these occasions, said if they were going to have a military bill let them have a proper one. He did not see why the Sharpshooters should not take the same oath as other soldiers. If amendments were to be avoided for the sake of saving a few dollars in engrossment, why, chuck the bill out.

Minister Hatch on the provision for carrying out the sentences of courts martial, asked what the committee's object was in recommending changes.

Rep. McBryde said that the term "penitentiary" was not used in this country, but this bill was high-toned and used it instead of the simple word "prison." The committee wanted to have the bill say what it meant. If the Government prison was to be the place of military confinement let it be so stated.

Minister Hatch thought if it was verbal amendments that were recommended, the bill might just as well be left as it came from the Senate. A penitentiary meant a jail or prison.

Rep. Robertson thought the committee sought to simplify the language of the bill. The term "penitentiary" was not in use in this country, and he could not see how anything more comprehensive than the committee's amendment, "such place as the court may direct," could be devised.

The amendment carried.

Mr. Robertson moved suspension of the rules to present a report of the conference on the rights of way bill. They agreed on amendments to sections 2 and 3, and the Senate had agreed to the House amendments. He moved that the report be adopted.

Carried.

Recess from 12 to 1:30.

### MURDER IN KONA.

Dead Body of a Chinaman Found Bearing Marks of Violence.

The dead body of a Chinaman was found at Hookena, South Kona, Hawaii, on Friday, July 26. It was evident the man had been murdered, as the face was battered in. Sheriff Williams being notified came over from Hilo and had the body, which had been buried, exhumed. He held an inquest, and two Chinamen and a native were arrested on suspicion. The two hands were gone from the corpse, but the sheriff thought they had been eaten off by dogs or rats after death. It is believed in the district that the Chinaman was murdered by some natives who were stealing his watermelons. Sheriff Hitchcock will give the case his first attention on returning to Hawaii.
